Kimble County AgriLife Extension to Host Landowner Workshop

The Texas AgriLife Extension of Kimble County will host a Landowner Workshop on May 10, 2011, beginning at 5:30 pm at the Kimble County Courthouse (District Courtroom).

On hand will be Dr. Jim Gallager to discuss feral hog control methods and what happens to their populations if we don't control them.

Bob Lyons, Extension Range Specialist, will present talks on Brush Busters techniques and methods that will concentrate on prickly per, mesquite, yucca, and other brush species.

Dr. Rick Machen will also be on hand to talk a bit about types of livestock and typical stocking rates.

All presenters will also offer ideas on how neighbors can improve relationships with neighbors in regard to fence lines, hunting, and property rights.

The program is set to conclude around 8 pm. The cost will be \$10 at the door and each participant will receive one CEU (IPM) and two CEUs in General, for their private applicator license.

**Extension programs serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, disability or national origin. Individuals with disabilities who require an auxiliary aid, service, or accommodation in order to participate in meetings are encouraged to contact the Extension Office at 325-446-2620 seven days prior to an event for assistance.**
