

# Texas Watershed Stewards

The Texas Watershed Steward program is a free, one-day educational workshop designed to help watershed residents improve and protect their water resources by getting involved in local watershed protection and management activities.

**April 29, 2010: 8:00am-4pm**

Texas Tech University at Junction  
Llano River Field Station  
Junction, TX 76849

The workshop will provide an overview of water quality and watershed management in Texas. It will primarily focus on water quality issues in the South Llano River Watershed as well as efforts by the South Llano Watershed Alliance and area residents to help improve water resources and the health of the surrounding watershed.

Pre-register for the workshop by going to:
